

CARI FAVOLE

VOICE OVER ARTIST

OVERVIEW

"Effervescent, Smooth like Honey, Vibrant, Bright Voice"

My warm, sultry, smooth voice can provide both reassurance for heartfelt moments and an allure for the more flirty, sensual scenes. As a contrast, my high-energy, zesty voice can create an innocent child, full of wonder, or a naïve yet dependable "princess" type character. My non-accent American Dialect and perfect diction supplies professional assertion for any presentation and my wonderful work ethic will ensure you get exactly what you're looking for!
